Mount the finished stitched pieces into the card provided by following the instructions listed below.

1. Open out the card wrong side facing up, place double sided tape (not included) around the cut out section.
2. Place your finished design face upwards on a flat surface and position the card over the design. Once you are sure the design is central, press the card down onto the fabric.
3. Turn card over so that the finished design is face down and trim off any excess fabric.
4. Apply double sided tape to the card flap on the LEFT hand side. Next fold the side that you have taped over onto the centre section and press firmly.
