Stitching/Color Key

Symbol	Classic Colorworks	DMC	Sullivans	No. Skeins
#	CCT255, Sticks and Twigs	3787, Brown Gray Dk	45395	1

The model uses Classic Colorworks cotton threads.

The key also provides thread color suggestions for DMC and colorfast, tangle-free, six-strand floss from Sullivans USA. Keep in mind that solid thread colors do not give the same finish as hand-dyed or variegated threads.

Instructions:

1. Cross stitch using two strands over two linen threads.
2. Mount into optional frame or use your preferred finishing.
