Make a... cushion

Step 1

COMPLETE the stitching, then place the cushion front right-sides together with the backing fabric. Pin, then machine stitch around the edge, leaving three squares of unstitched fabric around the design and a gap for turning.

Step 2

TURN to the right side, fill with toy stuffing, and sew up the gap with small, neat stitches.

Secure your thread ends neatly into your previous few stitches, so they don't show through to the front
