Alternative materials pack

If you'd prefer to stitch this design on aida, then we have made a materials pack containing enough aida and stranded cotton to work the bag front. This aida is a very similar colour to the evenweave we used in the photograph, but not an exact match (14HPI Zweigart Stern-aida, ref 3706/550). Work all the cross stitches over one thread of the aida using two strands of stranded cotton. The backstitch is worked using one strand of stranded cotton. All you need to do to finish your bag is find some co-ordinating cotton fabric for back and gusset bottom and gusset sides. As this aida is a different count than the evenweave, the finished design will be slightly smaller at 7¼x7¼in (18x18cm). Turn to page 67 to order either the evenweave or aida packs.
